

ALPINE® Frostschutz Scheibenklar -20°C

Citrus scent

Properties

ALPINE Frostschutz Scheibenklar -20°C prevents the windscreen washer system from freezing in the cold season and ensures good visibility through intensive cleaning action. Effortlessly removes grease and road salt residues without attacking car paint and rubber. **ALPINE Frostschutz Scheibenklar -20°C** is polycarbonate compatible and suitable for fan nozzles.

ALPINE Frostschutz Scheibenklar -20°C is methanol-free and as a water-miscible liquid with a flash point above 21°C not subject to the regulations of the VbF.

Application notes

Add **ALPINE Frostschutz Scheibenklar -20°C** according to the temperatures or seasons and the mixing table in the windscreen washer system.

Make sure that the windscreen washer concentrate is mixed well with the water. By activating the system once or twice, the lines up to the spray nozzles can be rinsed water-free.

Service description

Ingredients:

- Alcohols
- Surfactants
- Preservation agents
- Dyes and fragrances

Mixing table		
Parts Alpine Frostschutz Scheibenklar -20°C	Water parts	Anti-frost up to:
1	0	-20°C
2	1	-10°C
1	1	-5°C

* meets the requirements of the OEM manufacturer.
The stated values may vary within the usual commercial range.
