

ALPINE® Sägekettensöl 100

Adhesive special oil for saw chains

Properties

ALPINE Sägekettensöl 100 is a mineral contact oil with high lubricating film stability and excellent corrosion and wear protection. It also has the following properties:

- Very good cooling effect
- High resistance to ageing
- Good lubricating properties
- Neutral behaviour towards sealing materials and plastics
- High adhesion prevents dripping or spinning
- Dark colour

Application notes

ALPINE Sägekettensöl 100 is used to lubricate the saw chains on motorised chain saws.

ALPINE Sägekettensöl 100 is also suitable for low-loaded lubrication points where a contact oil is required.
