

ALPINE® Scheibenenteiser

Properties

Alpine Scheibenenteiser thaws the frozen panes in the cold season. Removes ice and hoarfrost on all windows and ensures a clear view.

- very good de-icing performance
- fully biodegradable
- Paint, rubbers and polycarbonate panes are not attacked.

Alpine Scheibenenteiser is methanol-free and as a water-miscible liquid with a flash point above 21°C not subject to the regulations of the VbF.

Application notes

Spray **Alpine Scheibenenteiser** evenly onto the icy surface from a distance of approx. 15 cm using the spray bottle. After a short exposure time, the thawing effect sets in and the ice can be freed from the pane.

- effective at temperatures down to -30 °C
- spraying in the evening reduces the freezing overnight
- defrosts frozen door locks

Service description

Ingredients:

- Alcohols
- Surfactants
- Preservation agents
- Dyes and fragrances
